

AFK well-control equipment

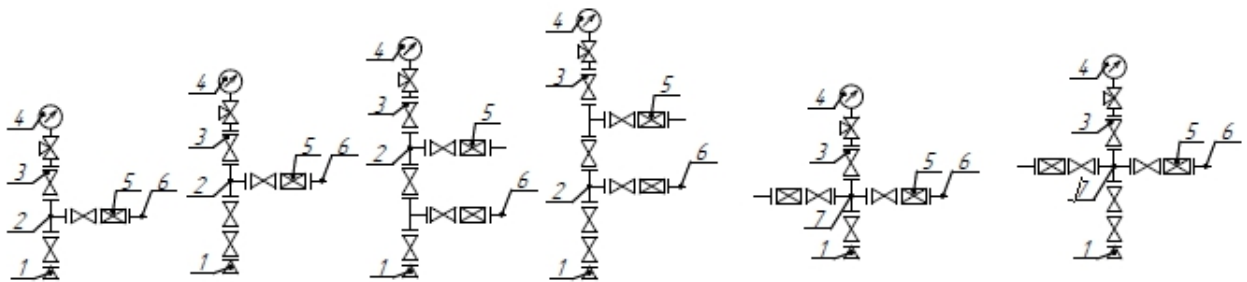

1. Manometer
2. Blind flange for manometer*
3. ZMS shutter
4. Crosspiece
5. Adjustable throttle valve*
6. Flange for welding
7. Adapter
8. Wellhead crosspiece
9. Blind flange for manometer*

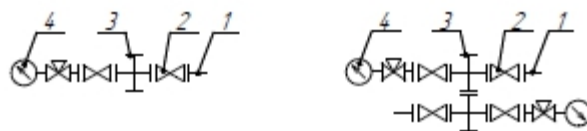

1. Air valve
2. Adapter
3. Threading for pipe suspension
4. Sealing ring
5. Wellhead crosspiece
6. Air valve
7. Delivery valve

Standard diagrams of bradenheads for T-pieces and crosspiece fittings under GOST 13846-89

- 1- reducing taper elbow for the casing head; 2 – T-piece; 3 – shutoff device; 4 – manometer with a shutoff and discharge device; 5 - throttle valve; 6 – counter flange; 7 – crosspiece

Standard diagrams of piping (casing heads) for well-control equipment under GOST 13846-89

- 1- counter flange; 2 – shutoff device; 3 – crosspiece; 4 – manometer with a valve
